ELBA, ALABAMA 36323, THURSDAY, JANUARY 25, 1968

NUMBER 27

Second Lieutenant Daniel O. Windham, 22 son of Mr. and Mrs. William O. Windham, was named a distinguished military graduate of the Army's at Auburn University in Auburn, Dec. 15. He is a ROTC cadet, in his his military training and his wife, Clara (second from left).

Windham, a 1967 graduate of the university, to accept a commission in the regular Army. He was chosen for his high academic

forces Examining and Inducement (E&I) committee announced today. The report of payments made to the farmer by the CRP, cotton, feed grain, wheat, and other direct payment programs, and the E&I will be mailed to the farmer during the latter part of January. This report is expected to be the first in comparing individual income tax returns. The same information must also be furnished to the Internal Revenue Service in accordance with the requirement of law.

It is estimated that over three million farmers will receive this report, said. This information is being sent to each county office and farm program office. The report will not be completed without an automated system, added Mr. Ellis.

The report is the first in a series of this magnitude, there are bound to be some errors, he suggested that farmers carefully read the explanation of the report and check the accuracy of the total reported by comparing it with the farm records. If an error is found, the nearest ASCS county office should be contacted to correct the error. If corrected, County offices have been instructed to give the farmer a 30-day grace period if they need regardless of where the farm is located.

Recent contract negotiations have been concluded between the Amalgamated Clothing Workers and Cluett-Peabody Company, who are purchasing the Alatex chain of plants. Contract talks began about six months ago with Alatex officials, but when the sale of the firm became known, talks were continued with the prospective new owner.

A Christian Witness Mission will be held at the C. Elba Methodist Church beginning Friday, January 28, through Sunday, January 28, according to an announcement from the Rev. Thomas S. Harris.

The Mission will be under the leadership of the Rev. Glenn Galtner and the Rev. Tony Farmer, both of the C. Elba Methodist Church.

The Candler School of Theology, Emory University, Atlanta, Ga., will be the sponsor.

The Witness Mission will begin Friday at 6:30 a.m. with a service in the Educational Building. Following the dinner a worship service will be held in the sanctuary at 7:30 p.m. Missions will continue on Saturday at 7:30 p.m. and on Sunday at 7:30 p.m. and on Sunday at 7:30 p.m. with Rev. Farmer speaking on the topic, "The Christian Witness in the World." Following the worship service, a "Brain Session" will be held from 8:30 a.m. to 11:00 a.m. with Rev. Galtner, Group Leaders, Group and all interested persons. The youth participation mission will close at 11:00 a.m. on Sunday.

A cordial invitation is extended to all the members of C. Elba to attend and participate in the witness mission.

EMPLOYERS WARN OF REQUIREMENT

Employers were warned that the new Georgia income and security tax information will be required for all employees on Jan. 1, 1987. The deadline for all employers to file the new information is Jan. 1, 1987.

The Birmingham Regional office of the Small Business Administration has approved 27 loans during December, 1967, for \$1,299,500.00. Over fifty percent of these loans were in participation with banks. These loans will provide 312 new jobs throughout the Birmingham area. The Regional Director, stated, "Small Business expansion has played a vital role in the economic growth of this period of business growth."

"The New Year," Brunson said, "should be an exciting year for all small business owners. During opportunities will be opening up and enterprising small firms should, with proper planning, be participating banks, expanding into world markets."

He also requested that soundly-managed small firms can compete effectively with larger firms.

"This is borne out by study made by SBA of 2,000 small firms that have received help from the agency. These firms should average an average gain in profits more than double the amount for all corporations."

Senate

STATEMENT BY SENATOR LISTER HILL

On January 9, 1969, I have served 31 years of the United States Senate and 15 years in the House of Representatives for combined total of 46 years in Congress—longer than any other Alabama Senator. At that time, I will be 68 years of age. With appreciation and lasting gratitude to all my friends and supporters, I thank you who made it possible for me to serve our people as your Senator. I am confident I have decided not to offer for re-election when my

A one car crash early Wednesday morning ended the lives of three children of Mr. and Mrs. George I. Davis and left a fourth child, their 11-year-old son, in a coma.

Their small family car was traveling toward town on a day of school when it was struck by a truck. Diane Davis, age 10, lost control and the car veered into the ditch and turned over twice.

Diane and her brother, George, were killed while sitting in the front seat and escaped with only minor bruises, but Debbie Davis, age 10, was thrown from the back seat as the car made one of its flips and landed on its roof. Two feet from where the car landed, Debbie suffered a skull fracture, but the first examination indicated no major injuries.

The accident happened in front of the home of Mr. and Mrs. D. D. Holland, a housewife who lives on the

in one of his chicken houses when the crash occurred, and he was the first to see the wreckage.

Holland rushed out to help the injured, sensing immediately that the car had been a car wreck. He got blankets to cover Debbie who was stunned, but the other two children were walking around when he got to them.

The three youngsters were taken to the hospital where they were treated by the Elba Rescue Squad.

THE SEAT BEING VACATED by veteran Senator Lister Hill is attracting candidates by the bushel basket. Already there is about a dozen talking about running for the senate seat. Among those already mentioned is former Lt. Gov. James B. Allen, Mrs. Frank Stewart, U. S. Rep. Armistead Selmon, Executive Committee member at former Dallas County Sheriff

Jim Clark, Atty. Gen. MacD Donald Galloway and former State Senator Jimmy Faulkner. According to a news release whether they qualify or not, most all of the candidates for the top state prize in the 1968 elections are expected to be on hand when the state Democratic Executive Committee meets at 1:30 p. m., Saturday, at the

AFTER WASTING A PILE OF MONEY Alabama has now bowed to the HEW rule and the state's welfare program will continue to receive about \$96 million in federal assistance, which is about 40 percent of what needy Alabamians receive in welfare payments. Just another one of Alabama's foolish actions knowing full well that it would end up a failure but after thousands of dollars have been tossed down the drain in a bid to do about how "we're going to show 'em." We get showed alright, George Wallace also stood in the "schoolhouse

YOU REMEMBER I told you long before George Wallace got the required number of registrations in California that there was no question that he could get them - that there is more nuts and cranks in California than that. Well, he got his but not even the Wallace forces are admitting that it is just such an honor to get on the ballot in California. The Peace & Freedom Party also got on the ballot and with a lot less fanfare and publicity and to do about it I have an idea at less than a fraction of the expense that it cost the George Wallace party.

Both parties got their registrations from emotional people and they can lose them when the next "emotion" comes along some of the publicity coming out in California is that the George Wallace party asked people to change over to their party so they could get on the ballot and then they could go back to their own party. And according to all indications many did - some just for the heck of it to see what would happen next. Apparently there is a possibility that George Wallace got more to register for his party than he will get votes in the election.

I have kept in close touch with the activities in California and have had many newspaper accounts and opinions sent to me from the state. Since this information came from several different sources and from different parts of the state I think I can tell a little something about what went on and what is going on - and I can assure you you would be shocked and surprised at some of the activities.

Certainly many Wallace Supporters will be disappointed if ever they do agree to look on the other side of the mirror.

Those stirring words of the Twenty-Third Psalm: "He maketh me to lie down in green pastures... He leadeth me beside the still waters... He restoreth my soul!"

The Church is the greatest factor on earth for the building of character and good citizenship. It is a source of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend, receive instruction, and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A man's soul, like his body, needs to be restored. Just as sleep and recreation rebuild our physical strength, prayer and worship revitalize our spiritual being.

Thoughtfully, our forefathers taught us to spend part of each day in spiritual pursuits. Wisely, they set aside one day of the week for worship.

The Church provides opportunity for Sunday worship, and guidance in every-day devotion to God.

New Regulation Assures Good Tomato Plants

Coffee County tomato growers are now assured of good tomato plants as a result of the new regulation passed by the Division of Plant Industry, Alabama Department of Agriculture and Industries.

This new regulation, made effective January 15, makes it unlawful for any tomato plants, except those that have been inspected and certified, to be shipped into the State of Alabama from any other state.

Plants shipped into the state must be tagged, using official certification tags, showing the name and address of the grower, variety, and the number of plants in the container or bundle. The total number of plants must equal or exceed the number listed on the certificate.

To be able to produce certified plants, a grower must plant certified seed on land that has not been planted to crops susceptible to root-knot nematodes in the past 3 years. This land must be approved by the inspector before planting. The plants must also be sprayed or dusted with fungicide at least twice and more if necessary, before being pulled for shipment.

Tomato growers can now be sure that if they purchase certified plants, that they are getting plants free of bacterial leaf spots, bacterial wilts, Fusarium wilts, early and late blight, viruses, nematodes or infested with insects and mites. It is still necessary however, for the grower to do a good job of controlling diseases and insects that can appear after his plants are set in the field. The first step is to start with certified plants.

The new tomato plant regulation has been needed for some time, and gives the grower assurance he is starting off with the best plants. It should be worth many thousands of dollars to the growers in Southeast Alabama each year.

Alabama's New Travel Brochure Is Available

Alabama's newly designed major travel brochure is now being distributed to prospective travelers to and within the state.

"Alabama — Guide to Family Funland" is a full-color, 36 page booklet depicting nearly a hundred of the state's major attractions, events and other top tourist draws.

The cover of the revised brochure is an eye-catching, front-back photograph of a sunset scene taken from the shoreline of one of the numerous lakes of the state. The pages that follow are equally beautiful in the use of varied photos of scenic, historic and recreational areas that brought more than 27 million out-of-state guests to Alabama in 1967.

Accompanying each color photo is a brief, descriptive paragraph of the attraction or event and a number key to its location shown on the special fold-out map in the back of the brochure.

The 6" x 9" "Alabama — Guide to Family Funland" booklet is included in tourist information packets mailed to inquiring prospective visitors in every state in the U.S.

This basic piece of travel literature," said Martin J. Darity, Director of the State Bureau of Publicity and Information, "while in itself an attractive and comprehensive travel guide, generates further inquiries as to specific vacation opportunities in Alabama."

Among other important travel literature works of the Bureau are the popular "Outdoors in Alabama" (camping, fishing, hunting), a yearly "Calendar of Events" pamphlet, Capitol brochure and pictorial highway map. The map is a cooperative project of the Bureau and the State Highway Department.

Travel material is inserted in tourist, general and education packets; made in bulk shipment to organizations and distributed at out-of-state travel shows.

Pvt. Smith Is In Training

At Parris Island

Marine Private Samuel Smith, 21, of Elba, is going through recruit training at Parris Island, South Carolina.

His first stop when he arrived was the Depot's receiving barracks where all new recruits are processed.

After being placed in a training platoon with other new recruits, he left the receiving barracks and began his formal Marine training under the close guidance of his Drill Instructors, or "D.I.'s".

Until he graduates, eight weeks after he entered "boot camp", these seasoned Non-Commissioned Marines will guide and supervise his progress in physical conditioning and development, rifle marksmanship, and other skills which he must master to be a Marine.

Senior Master Sergeant Thomas I. Dunn, son of Mrs. Bonnie B. Dunn of Rt. 1, Samson, has received the U. S. Air Force Commendation Medal at Clark AB, Philippines.

Sergeant Dunn was decorated for meritorious service as a tele-communications superintendent at Scott AFB, Ill.

He is now at Clark in a unit of the Air Force Communications Service.

The sergeant, a 1944 graduate of Samson High School, was assigned to the European Theater of Operations during World War II.

His wife, Merlene, is the daughter of Mr. and Mrs. Godfrey Holley of Rt. 1, Kinston.

Johnson Participates In

Vietnam Screening Action

Helicopters from the 14th Combat Aviation Battalion continued to play a dual role in support of ground forces from the Americal Division in Vietnam, January 7th.

In action on January 7, a 17th Aviation Company Musket gunship piloted by CPT Matthew McGuire (Fort Benning, Ga.) and WO1 James Coburn (Houston, Texas) was credited with eight enemy killed 10 miles southwest of Chu Lai along the coast of the South China Sea, supporting the Americal's 19th Infantry Brigade, the Musket gunship made repeated runs on enemy position suppressing enemy fire and accounting for the eight enemy killed.

C Troop, 7/17 Cavalry reported six enemy kills in screening operations north of Tam Ky, Flying the OH-1 Light Observation Helicopter, MAJ James O. Barrett (Fallsville, Mass.) Commanding Officer, C Troop 7/17 Cavalry and gunner PFC Mike Fluke (Dayville, Conn.), spotted four NVA trying to avoid detection. The individuals were wearing camouflage uniforms, had packs, and

carried automatic weapons. In the ensuing action that followed the spotting of the NVA, one enemy soldier died.

Door gunner, SP5 Joseph Johnson, (Elba,) fired in support of a screening action northwest of Tam Ky when five enemy dead were counted. The 7/17 Cavalry Light Observation Helicopter, piloted by CPT Bill McKenzie (Talladega, Ala.) drove the VC into the open as they were trying to escape detection.

Total Alabama farm income for 1967 was almost \$738 million.

ANNUAL MEETING

Robert English of the Damascus Community and president of the Coffee County Hog Producers Association met with the officers and directors a few nights ago and set February 29 as the date of the annual meeting. English appointed a program committee, food committee and nominating committee.

Folks really enjoyed the annual meeting last year and I know that an interesting program is being planned.

PEANUT DAY

Thursday, February 1, will be a big day for Coffee County peanut growers. Plans have been made to hold one meeting for all producers in the county. This meeting will be held at the New Brockton National Guard Armory in New Brockton. Plans have already been made to serve a delicious barbecue dinner

thority out, but we will make high yields of peanuts.

PORK COOKBOOK

We have had dozens of requests for the pork cookbook entitled "The Wonderful World of Pork Cookery." Folks realize now that on meat-type hogs pork has fewer calories and this appeals to a lot of people. In addition to this, it is hard to brockton, port roasts and all of the other things that go along with pork. We are now tentatively out, but we will make high yields of peanuts.

HOSPITALS ARE NO LONGER FEARED

About fifty years ago, because surgery mortality in hospitals was one out of every four, it took courage to go to a hospital. Now, for example, one hospital performed 2,800 "interval" appendectomies without a single death. But if the appendix was perforated before the operation, mortality is higher.

The important moral from this is that all operations are less dangerous if the diagnosis is early, and the operation performed before danger of a terminal condition begins. If your physician says "operate now," it is usually wise to follow their advice.

NEW HOME

While in Elba last week, I enjoyed seeing the new home Mrs. Sarah Moody, Mrs. Moody had spent a great deal of time in planning this new home.

Her kitchen and laundry were especially well planned. As a rule of the thumb, the U-shaped kitchens are the most desirable and this is what Mrs. Moody had.

HOME-MADE ROLLS

Do you know that home-makers can save money by home baking? Some rolls at the grocery cost almost twice as much as rolls baked at home. Mrs. Dan

PLANTS

Windburn to ornamental plants is one of the most severe winter troubles, especially for evergreen plants. You can reduce windburn damage by watering plants regularly during the winter months.
